

SCHOOL BOARD CONFERENCES, CONVENTIONS, WORKSHOPS

In recognition of the need for continuing inservice training and development for its members, the Board of Education encourages the participation of all members in meetings and activities of area, state, and national school Boards associations, as well as in the activities of other educational groups. Board members are encouraged to study and examine materials received from these organizations as well as publications and tapes available in the Board's own library.

In order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance:

1. Trustees are encouraged to attend conferences, workshops, and conventions to increase their knowledge of current issues and topics. The Superintendent of Schools will compile, maintain, and distribute to each Board member notices listing school Board conferences, conventions, and workshops, to help the Board decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the school district.
2. When any Board member attends a conference, convention, or workshop, the member will be requested to share information, recommendations, and materials acquired at the meeting.
