

## ACADEMIC INTERVENTION SERVICES

The Board of Education is committed to providing academic intervention services to students at risk of not meeting the state learning standards. Such services may include additional instruction supplementing the instruction provided in the general curriculum and/or student support services such as guidance, counseling, attendance and study skills needed to support improved academic performance.

Eligibility for academic intervention services will be determined in accordance with the uniformly applied district-developed and adopted procedures, including test results on NYS standardized tests, if available. Eligible students will receive services consistent with law and regulations which shall commence no later than the beginning of the semester following a determination that a student is eligible for such services.

Beginning July 1, 2002 and every two years thereafter, the Superintendent shall review and revise the description of academic intervention services based on student performance results and present such revised description to the Board for approval.
