

SCHOOL BUILDING SAFETY

The Board of Education recognizes that a safe, secure and healthy school environment is necessary to promote effective learning. The Board is committed to ensuring that all school buildings are properly maintained and preserved to provide a suitable educational setting.

Consistent with the requirements of state law and regulations, the Board will:

1. Appoint a Health and Safety Committee composed of representation from district administration, school staff, bargaining units and parents that shall participate in monitoring the condition of occupied school buildings to assure that they are safe and maintained in a state of good repair.
2. Review and approve all annual building inspections and building condition surveys.
3. Take immediate action to remedy serious conditions in school buildings affecting health and safety and report such conditions to the Commissioner of Education.
4. Annually review the facilities section of the school district report card for each building and report in a public meeting on the status of each item contained in that section of the report card. The report card shall provide information on a building's age, size enrollment, useful life, safety rating, visual inspection and building condition survey results and other items prescribed by the Commissioner.

The Superintendent of Schools shall be responsible for the development of procedures for investigating and resolving complaints related to the health and safety issues in the district's buildings consistent with requirements of state law and regulations.
